the future of christianity depends on how we master the art of understanding and giving grace at the end of the twentieth century philip yancey wrote his classic bestseller what s so amazing about grace as a testament to the power of god s grace and as a rallying cry to the christian church to see the acting out of grace as its single most important contribution to the world now in this 6 session video based participant s guide dvd video streaming sold separately yancey reexamines with fresh material and new stories the scandalous power of grace so that groups and individuals can reflect upon share and extend this amazing gift of christ in new and transformative ways in this study you ll discover the extent of god s love and what it means for us why the church seems to have lost the gift of grace giving and why the world apart from the church can t offer it at all what it would look like for us to truly understand receive and give the gift that god gives so generously to us yancey offers compelling and true portraits of grace s life changing power he searches for its presence in his own life and in the church he asks how christians today can contend graciously with moral issues that threaten all they hold dear and he challenges each of us to become living answers to a world that desperately wants to know what s so amazing about grace

many christians have a good understanding that salvation is by grace through faith and that there is nothing they can do to earn their salvation however many have fallen into the trap that once saved they must try to maintain god s acceptance by working hard and doing the right things they focus so much on how well they are behaving as children of god that they miss experiencing life in the reality of god s grace in the end they become stressed out burned out or fed up with trying to act like they think christians should act but never quite managing it tragically they usually come to believe that they will never

be good enough this course is designed to help christians understand what it means to be god s child to help them receive the assurance of what makes them acceptable to god to point out the things that don t affect their acceptance and to encourage them to deal with any hindrances that may be stopping them from walking in the fullness of god s grace every day the intention is that they will then be free to glorify god in their behavior not because they feel they have to but because they want to a natural follow up to the alpha or freedom in christ course sold by gospel light in north america as the beta course the grace course has been developed by freedom in christ ministries the leader s guide provides all the material necessary to lead the course and includes a cd with powerpoint presentations developed to make the lessons quick and easy for the leader participants are not required to prepare before the sessions but a participant s guide that emphasizes the take away of each lesson is also available the dvd is hosted by steve goss and rich miller and shows them teaching the entire course supplemented by interviews of the leaders materials to promote the grace course are available at ficm.org
