new modernist studies while reviving and revitalizing modernist studies through lively scholarly debate about historicity aesthetics politics and genres is struggling with important questions concerning the delineation that makes discussion fruitful and possible this volume aims to explore and clarify the position of the so called core of literary modernism in its seminal engagement with the great war in studying the years of the great war we find ourselves once more studying the giants about whom there is so much more to say as well as adding hitherto marginalized writers and a few visual artists to the canon the contention here is that these war years were seminal to the development of a distinguishable literary practice which is called modernism but perhaps could be further delineated as great war modernism a practice whose aesthetic merits can be addressed through formal analysis this collection of essays offers new insight into canonical british american european modernism of the great war period using the critical tools of contemporary expansionist modernist studies by focusing on war and on the experience of the soldier and of those dealing with issues of war and survival these studies link the unique forms of expression found in modernism with the fragmented violent and traumatic experience of the time
