concerned with the trendy technocratic and at times sophisticated character of contemporary education at all levels both public and private the authors of this collection seek to reinvigorate a thomistic approach to education appropriate to the problems of our day with its main inspiration taken from the work of jacques maritain especially his 1943 education at the crossroads the volume presents a trenchant critique of the privacies of contemporary education with its emphasis upon the conventional and useful at the same time the essays present the outlines of the proper alternative an education which helps students draw out from themselves the desire for truths which transcend the contingencies of culture and utility such an education seeks to guide students to the common things available to all human beings the essays uphold an account of man s intellectual and affective capacities which understands these capacities as naturally ordered to truth the essays approach the task in different but complementary ways in critiques of

contemporary theories of education in speculative accounts of knowledge and learning in applications of theory to specific institutional settings and in discussions of the political contexts governing modern education in this rich variety of ways the essays in the common things not only point the way back to the crossroads maritain spoke of fifty years ago they go on to indicate something of the landscape along the road not taken by contemporary education about the editor daniel mcinerny is assistant professor of philosophy at the university of st thomas center for thomistic studies in houston texas the contributors in addition to the editor the contributors to the volume are benedict m ashley o p romanus cessario o p charles dechert donald demarco curtis l hancock gregory j kerr joseph w koterski s j robert lauder herbert i london robert j mclaughlin daniel mcinerny john m palms jerome meric pessagno ernest s pierucci alice ramos mario ramos reyes walter raubicheck peter a redpath gregory m reichberg james v schall s j francis slade michael w strasser and henk e s woldring praise for the book these essays are a considerable addition to thomistic thought about education review of metaphysics
