this text provides immediately useful information for design engineers lawyers professors and hazard communication specialists failure to warn and provide appropriate safety information is often alleged in product liability lawsuits toxic tort claims and ethical drug cases some allegations and supporting proof seem simple but failure to warn cases can easily become complex the counsel who proceeds on basic common sense and a case law approach can be unpleasantly surprised especially when expert testimony and legal arguments are not effectively rebutted because the

counsel considered warning issues elemental when you have consulted warnings instructions and technical communications you will be prepared to encounter the most complex situations you will learn how warnings are distinctive from product defects or deficiencies and how the analysis of warnings or their absence differs from accident reconstruction
