first published in 1996 documents a wide range of american yard art and distills from it insights into attitudes and values about places

homes neighborhoods communities mediating relationships between culture and nature negotiate consumer culture and reusing and individualizing mass produced things

monsters grotesque creatures and giants were frequently depicted in italian renaissance landscape design yet they have rarely been studied their ubiquity indicates that gardens of the period conveyed darker more disturbing themes than has been acknowledged in the monster in the garden luke morgan argues that the monster is a key figure in renaissance culture monsters were ciphers for contemporary anxieties about normative social life and identity drawing on sixteenth century medical legal and scientific texts as well as recent scholarship on monstrosity abnormality and difference in early modern europe he considers the garden within a broader framework of inquiry developing a new conceptual model of renaissance landscape design morgan argues that the presence of monsters was not incidental but an essential feature of the experience of gardens

an investigation into early modern gardens gender and writing this study considers not only published literary representations of gardens but also actual garden landscapes and unpublished evidence of everyday gardening practice jennifer munroe here analyzes how writers appropriated the developing gendered tension in gardening that stemmed from a shift from the garden as a means of feeding a family to the garden as an aesthetic object imbued with status
